

Dear Sir/Madam, Dept. Social Services

Your Agency is continuing to forward Mail to ANTHONY MCKNIGHT PO Box 304 West Haven, CT 06516. Your Offices, along with the State of Connecticut Attorney General's Office, is represented by Assistant Attorney General Maura Murphy-Osborne regarding Federal Complaint 310CV1471(MRK). A June 25, 2012 Motion/Memorandum was filed in the case referring to the practice of government officials dehumanizing individuals through the method of *Capitis Diminutio Maxima*.

Inasmuch, I would appreciate your office using the name in referencing me, given to me at birth on the certificate of birth supplied to you agency, Anthony McKnight, and please as the Attorney General Office issued in the brief or correspondence sent by Assistant Attorney General Murphy-Osborne, my name should be spelled Anthony McKnight Sr.. As the term *Capitis Diminutio Maxima* *was the tactic used by the state to sever me from my family and son Anthony McKnight Jr.*, along with my other children.

As I continue to suffer from and attempt to recover from my injuries, the sending of harassing mail from state government agencies does not help my injuries. You can read the information available on Scribd.com, of which is included the attempt by state government officials to kidnap, murder, incarcerate, humiliate me etc., . This continued referencing me outside of my birth name is contributing to my stress, pains and causes me to lose sleep.

I have asked both my parents and anyone that collects mail on my behalf to return such correspondences to you. I don't wish to open these letters or correspondences due to the implications they may embody. I have asked friends and relatives not to open these mailings and mark them return to sender. I don't wish to be liable for fraud or anything else the defendant state of Connecticut may be attempting to entrap me with.

Along with the foregoing, I will submit another motion for injunctive relief to the court as soon as I am able. The judge handling the complaint is dead, and I am awaiting instruction from the new judge. Your continued harassment as stated previously does not help my situation, and can only be viewed as malicious, whatever the content of the correspondences.

I do pray that all of you meet your fate, as all evil and hateful minded people do. May you be blessed with unlimited curses until you cease and desist in this harassment.

Very Sincere,

Anthony McKnight Sr.
